SKILLS

Web & Product Design

- Design Systems ([view certificate](#))
- Development-friendly Designs
- Wireframing & Prototyping
- Accessibility & Usability (WCAG-first)
- Interaction Design
- Branding
- Color
- Typography

Web & Front-end Design

- Creator of [Color-Ramp.com](#)
- Co-creator of [AspireMap.ai](#)
- Accessibility & Usability Expert
- Production-ready HTML/CSS/Sass

Leadership & Strategy

- Product Thinking & Design Leadership
- Strategic Influence & Decision-Making
- System Strategy & Efficiency

TOOLS

Design & Handoff

- Figma
- Zeplin
- Affinity Photo
- Color-Ramp.com

Coding

- Windsurf
- Antigravity
- CodePen.io

AI-powered Design

- Figma MCP
- Claude Design
- Claude Code
- Midjourney
- ChatGPT
- Gemini
- UX Pilot
- Banani
- Magic Patterns
- Blaze

BOOKS & PUBLICATIONS

- [Web Developers Reference Guide](#)
- Smashing Magazine: [An Ultimate Guide To CSS Pseudo Classes And Pseudo Elements](#)

EDUCATION

Universidad Pontificia Bolivariana, Colombia.

- Master's Degree in Advertising & BA in Administrative Marketing.
- 1993 - 1998, GPA: 4.0

PROFESSIONAL EXPERIENCE

NodeSource (Freelance)

Dec. 2020 - Current (Remote)

Sr. Web/Product Designer

- Managed the full design implementation process. Led regular review sessions with developers to lock in UI details, micro-interactions, and animations.
- Led UX/UI for N|Solid features + NodeSource.com redesign; standardized components/tokens to reduce design/dev. rework 25-30% and speed delivery by 20-25%.
- Utilized Zeplin for dev. handoff to enhance the efficiency of implementation, accelerating the pace by 25-35%.

Codementor

Apr. 2016 - Dec. 2025 (Remote)

Online HTML/CSS & Web Design Expert Mentor

5.0 ★★★★★ (140+ reviews)

- Mentored individuals 1:1 in design, achieving a 5-star rating from over 150 reviews, and covered HTML/CSS, web design, Figma, accessibility, typography, etc.
- Guided and coached over 150 mentees, frequently resolving layout bugs within 60 minutes, enhancing their web design proficiency.
- Developed repeatable code snippets and design patterns that reduced mentees' development time by 20-30% on common user interface tasks.

Willis Tower Watson

Mar. 2023 - Aug. 2024 (Remote)

Sr. UI/UX Designer

- Redesigned data-heavy screens (tables/dashboards/forms) for internal tool to lift task completion by 15-25% and cut form errors by 10-20%.
- Built modular components using Figma, reducing design handoff by 20-30% and a decrease in front-end rework by 15-25%, enhancing team efficiency.
- Presented iterations daily to stakeholders; accelerated approvals from multi-day to same-day on critical flows.

Nestlé Purina

May 2021 - June 2022 (Remote)

Sr. Specialist UX/UI Designer

- Led design initiatives for the Checkmark team using Figma, ensuring design work was accurately reflected on Purina.com, enhancing user engagement on the site.
- Delivered innovative ingredient search and results UX, maintaining a design library that reduced screen build time by 25-35%.
- Worked closely with developers on UI and accessibility improvements, reducing design-QA issues by 30% and streamlining feedback processes.
